

I understand that the Federal no call list is being considered as replacing the WI only no call list so all are covered under the same law. I don't want this to pass. I believe the WI no call list more closely reflects WI citizen's wishes and needs. I certainly don't believe the Federal no call list even comes close to fulfilling my wishes. I DO NOT want to be bothered by strangers all the time. I DO NOT want to answer phone calls to find someone trying to sell me something. I DO NOT want more phone calls at awkward times--supper, late at night, etc. and the WI no call list has cut down on a lot of agravation and stress for me. What do we have to do to get our wishes across to big government?? If only one no call list must be followed, change the Federal no call list to what WI has. It is what people want, anyway--unless they are involved in telemarketing.
